

SMARTPRESS

BUSINESS HUB

Want to manage your marketing assets easily? Say hello to Business Hub. It lets you create and manage an entire catalog of print materials and inventoried marketing assets for your business, making it easy to maintain brand control and consistency across multiple users and projects.

FIND YOUR BUSINESS HUB

- Register and log in to your account at Smartpress.com.
- Find the Business Hub tab in the left navigation.
- Design your own templates, find ones you've already created or order inventoried assets from here.
- Edit template content and reorder products with the *click* of a button.

BUSINESS HUB BENEFITS

- Create product templates with variable content specific to a location, person, etc.
- Your templates and products are stored with locked-in specs for paper stock, finish, size, branding, etc.
- Multiple users can have access to your library and make edits to designated content - no additional design work needed.
- Proof your initial design only once - no need to proof subsequent orders.
- We can store your assets in our inventory and immediately fulfill them when you order (storage and pick fees apply).
- Add kitting services for pre-assembled welcome kits, product samples and more.

WHO SHOULD USE IT?

- Any business, wholesaler or nonprofit that reorders often. It's particularly beneficial for companies and organizations with multiple people ordering your marketing materials.
- You can have a shared centralized account or assign products to individual users.
- We'll set up your Hub for you, so reach out to your account rep to get started.
