

# CARBONLESS FORM

*Finished Product Size: 8.5" wide by 11" high*

SMARTPRESS

**BLEED - Carbonless Forms are printed with no bleed.** More information on bleeds can be found on our website: [www.smartpress.com](http://www.smartpress.com)

**SAFE MARGIN - Your file needs to include a 0.125" safe margin necessary for production.** Safe margin is the area around the edge of the sheet. If the safe margin is not included in document setup, there is a chance that the art close to the edge will get cut off due to machine shift during cutting. This happens because there is a tolerance when cutting the printed piece. More information on Cutting Tolerance can be found on our website: [www.smartpress.com](http://www.smartpress.com)
