

# BUSINESS HUB

Want to manage your marketing assets easily? Say hello to Business Hub. It lets you create and manage an entire catalog of print materials and inventoried marketing assets for your business, making it easy to maintain brand control and consistency across multiple users and projects.

## FIND YOUR BUSINESS HUB

- Register and log in to your account at [Smartpress.com](https://Smartpress.com).
- Find the Business Hub tab in the left navigation.
- Design your own templates, find ones you've already created or order inventoried assets from here.
- Edit template content and reorder products with the \*click\* of a button.

## BUSINESS HUB BENEFITS

- Create location- or person-specific product templates with variable content.
- Store templates and products with locked-in specs for paper, finish, size and branding.
- Allow multiple users to access and edit content without extra design work.
- Proof your design once; future orders don't require reproofing.
- Store assets in our inventory for immediate fulfillment.
- Add kitting services for pre-assembled kits, samples and more.

"Instead of re-uploading files, requesting quotes or re-explaining specs every time, you can reorder pre-set, approved items in just a few clicks." -Smartpress Account Executive Sophia Barghini.

## WHO SHOULD USE IT?

- Any business, wholesaler or nonprofit that reorders often. It's particularly beneficial for companies and organizations with multiple people ordering your marketing materials.
- You can have a shared centralized account or assign products to individual users.
- We'll set up your Hub for you, so reach out to your account rep to get started.
